

Outside Safety

Be Aware - look around, pay attention to who is nearby and where you are; don't appear distracted; know where safety is

Be Confident - Appear in control and sure of yourself and your purpose. Look people in the eye

Trust your Instincts - If something doesn't feel right, move away, leave the area

Don't walk alone - go with a friend; stay in well traveled areas. Don't take a pocketbook

Inside Safety

Keep your doors and windows locked-don't open your door to strangers. If someone asks for help call 911 for them; tell solicitors you're not interested.

Internet Safety

Never give out personal information on the computer such as your social security number, bank account numbers, or PIN's to anything.

Don't give out your address, name or phone number to people on the internet.

In Your Car

DO

- **Keep** doors locked and windows rolled up
- Have plenty of **gas**
- **Know** your route and tell someone your schedule
- **Use** well-traveled, well-lit roads
- **Travel** in the daytime if possible
- **Park** in well-lit populated areas
- Have your **key** ready to unlock the door
- Be **alert** to who is around

DON'T

- **Don't** use ATM's - go inside the bank
- **Don't** flash cash
- **Don't** travel alone
